

A PRESCRIPTION for **GIVING**

2020 Physicians' Giving Campaign

YOUR DONATION IS THE PRESCRIPTION *for a healthier* COMMUNITY.

Care for your community | svmhfoundation.org

Every day you save lives as a physician. As a donor, you can take an extra step to ensure that SVMHS can continue to provide the services needed to improve the health and wellbeing of our entire community. *A Prescription for Giving* helps to support our community's health in additional ways, thanks to physicians like you.

Health and Wellness Fund

Improving health and wellness is the core mission of the Salinas Valley Memorial Healthcare System. Generous donations made to the Health and Wellness fund may support the Mobile Clinic, programs at the SVMC Diabetes & Endocrine Center, the SVMC Behavioral Health Clinic, and the Nancy Ausonio Mammography Center—as well as immunization clinics, health screenings, along with health, fitness, and wellness classes for the community.

Healthy Kids

Help children who are struggling to start out in life or survive against debilitating diseases and conditions, ease their pain, and provide the extra things that are so important for healing. Among other things, donations to this fund may support the CMN Hospitals Medical Needs Granting Program, where 100% of donations will provide medically-beneficial equipment and services to children in need across Monterey, Santa Cruz, and San Benito Counties.

YOUR DONATION IS THE PRESCRIPTION for a healthier COMMUNITY.

YOUR DONATION IS *the prescription* THAT KEEPS ON GIVING.

In the past five years, donors to the SVMH Foundation have given more than \$11.8 million to support the healthcare system's wide range of needs, including upgrades and new equipment within the hospital, the launch of a new mobile health clinic, and the expansion of the Taylor Farms Family Health and Wellness Center in South County.

Your tax-deductible contribution supports programs that make a big difference in people's lives. Give today and become a part of our community of giving.
