

**CHERRY'S JUBILEE REVIVAL**  
**MOTORSPORTS FESTIVAL**  
**October 30-31, 2021**

Where is the event taking place?

Cherry's Jubilee Revival will take place at the Salinas Municipal Airport during the California International Airshow, with cars showcased on and around the airport's helipad.

I didn't reserve a space for the Flight Line Cruise – can I sign up that day?

Yes – pending availability, first come, first served. Stop at the "new registration" table when you check in to inquire about availability.

Can we bring our own refreshments or a cooler?

Unfortunately, guests are not allowed to bring coolers of any kind into the airshow. This is for security reasons as dictated by the Federal Aviation Administration (FAA) and the Homeland Security Administration (HSA). Outside food and drinks are not permitted, but there will be a variety of onsite concession vendors available with food, drinks, and souvenirs. Thank you for your understanding.

Can I get extra tickets to the airshow?

Yes! Please visit the airshow's website directly to purchase additional tickets. We recommend purchasing ahead of time to take advantage of discounted prices: [www.salinasairshow.com](http://www.salinasairshow.com); Same day tickets are \$35 per person at the gate.

What if my guests are arriving later (not in my show vehicle)?

Spectators with a valid Cherry's Jubilee Revival wristband may enter through any spectator entrance. Airshow spectator parking is available for \$20 per car.

What is your refund policy?

Refunds are not available, except in the case of event cancellation. If the show is cancelled for any reason, your registration will be fully refunded.

Rules

**You must be at least 18 years old to drive a vehicle at any time during Cherry's Jubilee Revival.** This includes during entry, while parking, while staging for the cruise, during the Flight Line Cruise, and while exiting.

No music – please enjoy the music and announcements being broadcast by the Airshow.

No pop ups – Due to active air traffic, pop ups for car participants are not permitted.

No use of modified suspensions while the vehicle is in motion.
